

$$[A : \text{=} : \{A : (A + \text{=})\}] :: [\text{=} : (A + \text{=})]$$

SEPTEMBER CAME FLOATING
 WITH ITS STARS AMONG THE WALNUTS

WHEN THE SHADOW OF THE ROCK FALLS
 TOWARDS AUTUMN.....
 IN THE TREE

STARS ARE BESIDES THE WALNUTS
 WHEN SEPTEMBER'S SHADOW SHOWS THEM
 ON THE TREE

This formula is a composer's form. It was suggested by the formula for the golden rectangle. Longer vs. shorter time duration of phrases and sentences are substituted for longer or shorter sides of the rectangle.
